

Metrics for Effective Boards

Board Composition: Board is comprised of a diverse group of people that reflects the changing demographics of the school and parish.

Board Talents, Experience, and Expertise: Board is comprised of members with specific talents and competencies germane to the health and well-being of the school.

Board Management, Recruitment, and Succession: Board has a clear process for Board member recruitment and succession.

Board Orientation and In-Service Training: Board has established an orientation program for new members and an annual in-service for returning members around key areas of Board responsibility.

Breadth of Board Committees and Full Participation: Board has established and requires member participation on at least one standing committee.

Board Meetings and Activities: Board meets regularly and has active standing committees.

Board Progress Assessment and Communication: Board has implemented a self-assessment of its members' service and a means for external communication and assessment of overall Board progress, in conjunction with the principal.
