Ms. Angela Jones
500 East Chicago Ave., #1250
Chicago, IL 60699

Dear Angela,

Thank you so much for your gift of \$1,000 to St. Mary School. There is no other way to say it other than that your gift changes lives!

We know that the world these children will inherit is extraordinarily challenging and competitive, and they leave here with the sharpest academic skills, and go on to very best, selective enrollment private and public schools. We offer cutting-edge professional development to our staff, and base our innovations on the latest in educational research. These benefits are offered to all our students, regardless of means, so the 50 scholarship students receive the same time, attention and highest-quality instruction. And as our school principal says, "We build this school with a heart and a soul."

We are able to do all of this in a faith-filled environment which celebrates our differences, honors all we have in common, and models and teaches service to others.

You honor us with your support. In the name of the children you have supported, thank you!

Sincerely and with profound gratitude,

John P. Smith
Director of Development
